### The Magic of Music

Allegro Con Brio will present its 5th annual "The Magic of Music" event 8 p.m. Friday, June 22, at Wayzata Community Church, 125 E. Wayzata Blvd., Wayzata.

The concert will feature Chicago magician Michael Carrington, and will explore what music and magic have in common and combines the two art forms into one.

In its fifth year, Allegro Con Brio - conducted by William Stuber - is an annual innovative concert festival that brings together the Twin Cities' top orchestra musicians, soloists and artists

from such prestigious organizations as the Minnesota Orchestra, Saint Paul Chamber Orchestra, Minnesota Opera and VocalEssence.

Carrington has combined his passion for magic with his 24 years of experience as a professional symphonic musician to create a refreshingly new concept to the educational and family series orchestral concerts. Through his performance he leads the audience on a magical journey that demonstrates how composers, like magicians, have their own tricks and illusions for making music a magical experience for everyone.

The goal of Allegro Con Brio is to help audience members understand how music can impact their daily lives and attempts to make orchestra music more accessible to a wide array of audience members, without presenting a typical "pops" concert. Allegro is committed to providing innovative orchestra experiences for musicians and audiences of all ages.

Tickets for the event are \$15 for adults and free for students.
